Amendments to the Specification:

Please replace the paragraph beginning on page 14, line 10 with the following amended paragraph:

For example, referring to Figure 3, the content description 38 may include a service_ID (OxOOO2) that may link, as indicated by the arrow A, to corresponding connection information 39 for that service (e.g. channel). The group and item level descriptions may include an item tap_ID (OxOOOO) that links, as indicated by the arrow B, to a tap_ID ~~(OxOO)~~ (OxOOOO) indicated in the connection information and including an Internet protocol (IP) address to make the correction. See Request for Comments (RFC) ___ available at www.ietf.com. Thus, corresponding granularities in the content description and connection information may be linked.
